MEET A NEW KIND OF

MOTORCYCLE

Meet the new TVS RONIN. A bike so unique, it can't be categorised. And it's ***designed to chart a new path, write a new story, and explore the #unscripted*** with you.

A NEW STORY IN
STYLE

When you don't follow a design from the pages of history, or the rules written by someone else – you get a motorcycle with a ***style, stance, and substance,*** of its own. You get a motorcycle, that once seen, will never be forgotten.

STATE-OF-THE-
TECH

The new TVS RONIN is bristling with bleeding edge technology. From ***fully connected Bluetooth rider assistance,*** to engine, battery, service and riding data at your fingertips through the ***TVS SmartXonnect app to voice assistance*** while on the go, you'll find yourself ahead of the tech curve, no matter where you ride.

EXPERIENCE EFFORTLESS
RIDING

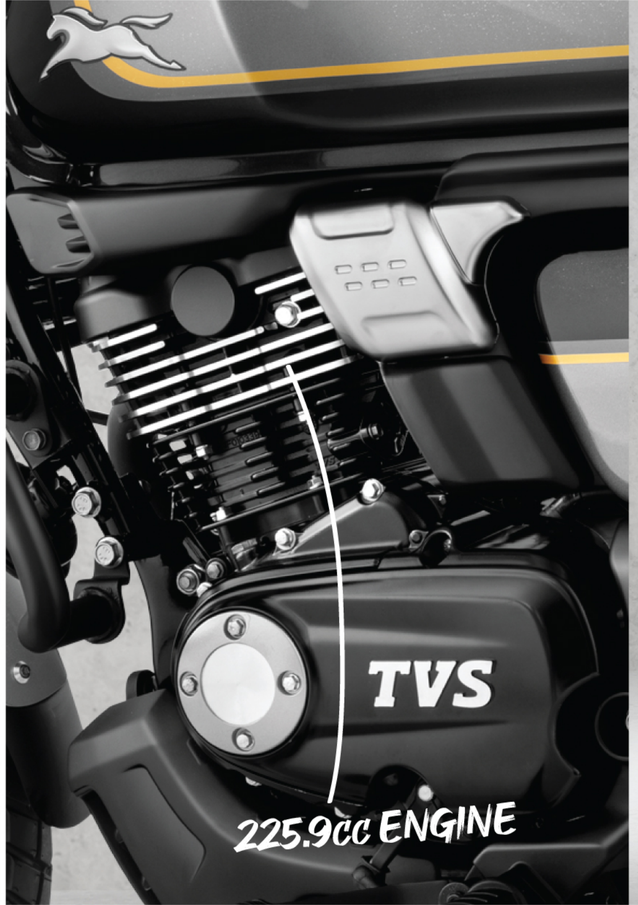

The new TVS RONIN goes where the heart pleases, with effortless ease. A relaxed, ***upright riding position,*** a light but sturdy and planted posture, and an engine that's eager to carve up city streets, mountains, and highways. It fuses ***state-of-the-tech connectivity*** and ***mood-ready performance*** into one motorcycle – so you can finally ride your own story.

MOOD-READY PERFORMANCE

The TVS RONIN's four-valve, ***225.9 cc engine*** puts out ***15.01 kW (20.4 PS) of power,*** and ***19.93 Nm of torque.*** That's plenty of grunt for you to scale up a hill or take on the tarmac. And its ***oil cooling system*** with an oversized radiator makes sure you stay cool while doing it.

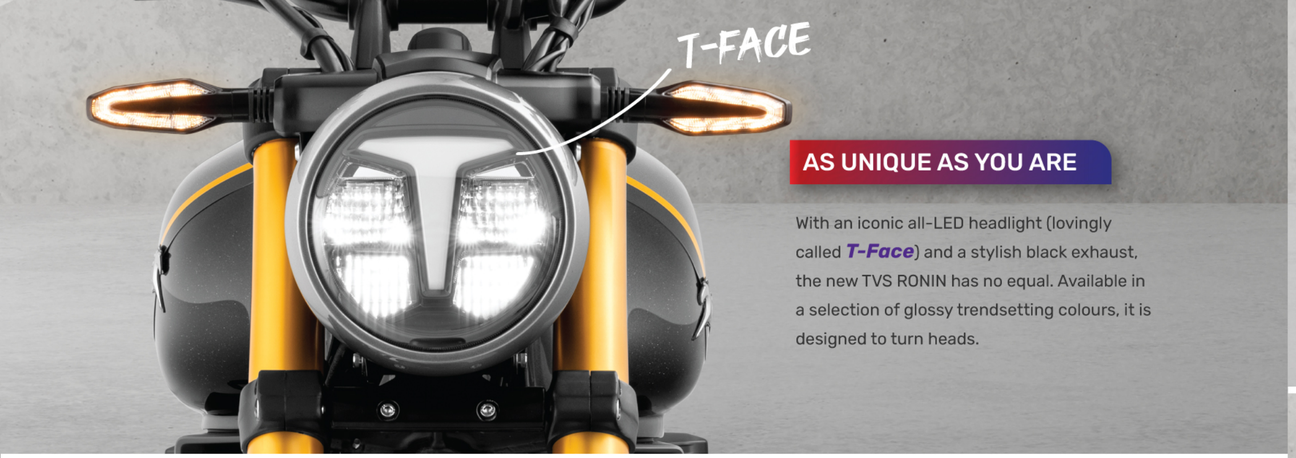

THE WORLD WITHIN YOUR RANGE

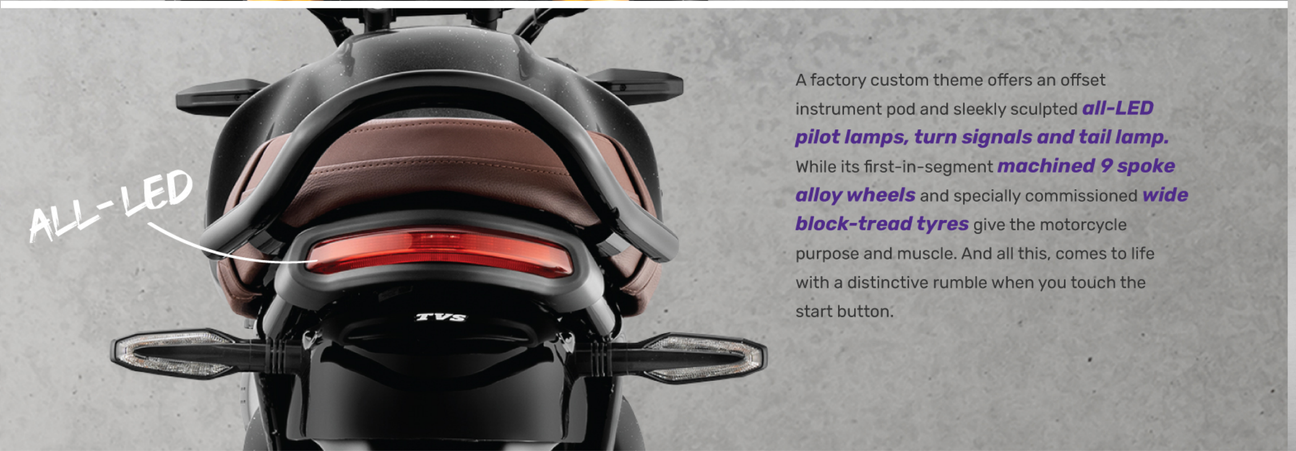

Imagine enjoying the ride so much that you choose not to follow a map. That only happens on the new TVS RONIN. With ***14 litres*** of petrol in a gorgeously sculpted tank, there's no reason not to head off into the unknown.

AS UNIQUE AS YOU ARE

With an iconic all-LED headlight (lovingly called ***T-Face***) and a stylish black exhaust, the new TVS RONIN has no equal. Available in a selection of glossy trendsetting colours, it is designed to turn heads.

A factory custom theme offers an offset instrument pod and sleekly sculpted ***all-LED pilot lamps, turn signals and tail lamp.*** While its first-in-segment ***machined 9 spoke alloy wheels*** and specially commissioned ***wide block-tread tyres*** give the motorcycle purpose and muscle. And all this, comes to life with a distinctive rumble when you touch the start button.

1. ABS Mode indicator (Urban/Rain)
2. Turn-by-turn navigation
3. Gear shift indicator
4. Side-stand warning
5. Distance to empty (DTE) indicator
6. Fuel level/ Low fuel warning
7. Service due indicator

INFO AT YOUR FINGERTIPS

The TVS RONIN's single-pod instrument cluster looks deceptively simple. Until you turn the key. It's packed with information, delivered in an easy glance, in any ambient light condition.

8. Two trip meters
9. Speedometer
10. Odometer
11. Low battery warning
12. Clock
13. Voice assist

CONNECTED TO YOUR WORLD

Underneath its easy good looks, lurks an armoury of the latest technology. It pairs with your phone through Bluetooth, and delivers all the functionality, right on your instrument screen, while you zip into your next adventure.

SMARTXONNECT

- Custom startup message window
- Turn-by-Turn navigation
- Incoming call alert/receive
- Trip duration
- Expected time of arrival
- Phone battery and signal status
- Status of your vehicle health
- Your riding stats
- Share your ride summary

CONVENIENCE EMPOWERS

When inspiration calls, don't think twice to answer. A feather-touch, silent start lets you take off without so much as a whisper. A ***USB* mobile charger*** keeps you juiced-up on that unknown trail. ***Adjustable levers*** ensure optimum grip on the clutch & front brake. And best of all, TVS RONIN's ***GTT (Glide Through Technology)*** lets you splice through traffic jams, without stalling! Now nothing can break the flow while you ride your own story on your TVS RONIN.

*Accessory.

THE CONFIDENCE OF SAFETY

Engineered to keep you safe, the TVS RONIN's ***switchable rain & urban ABS modes*** allow you to ride and brake confidently in the rain, and in the unpredictable urban jungle! Safety also comes in the form of a ***side-stand engine inhibitor*** which makes sure you ride, only once the side-stand is safely tucked away. While the large front & rear disc brakes with ***dual channel ABS*** make sure you come to a safe and stable stop, every time.

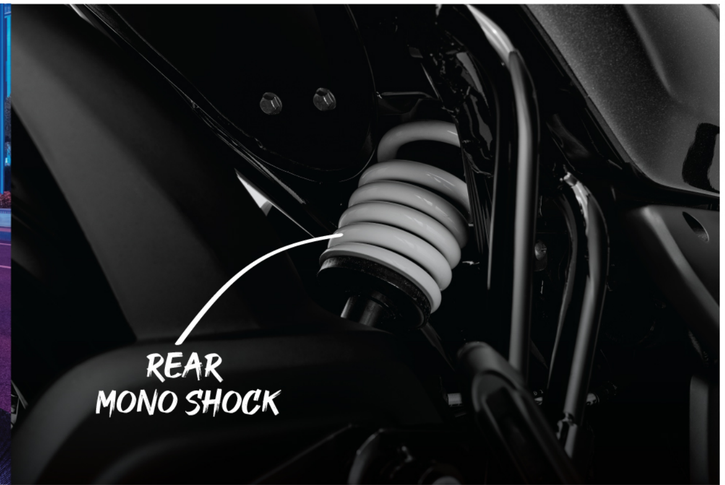

THE TVS RONIN RIDING EXPERIENCE

Right from the word go, the new TVS RONIN is a unique and distinctive ride. It comes alive with a soft-touch, ***silent-start ISG starting system,*** that's designed to be reliable, durable, and smooth. Reach for the throttle, and you're greeted with comfortable upright handlebars that inspire complete control. Rock it off the stand, and the ***specialised 17" front and rear tyres*** grip the ground. The wide ***upside-down front fork*** goes to work, delivering a sturdy stance. The rear mono shock compresses gently, softening the travails of any trail.

Get moving, and the ***assist & slipper clutch*** ensures smooth gear shifts. Swing into a bend and notice how the low 160 kg kerb weight puts a smile on your face. Settle in for a long haul with the ***perfect ergo triangle*** and an optimum seat height, with its short wheelbase making it seem like you're steering a cloud.

A CUSTOM NEW YOU

It's your own story, so don't follow someone else's style. Express a unique sense of design both on and off the road with an ***extensive range of merchandise and accessories.*** From thoughtfully designed riding gear and casual wear, to precisely engineered custom accessories for your bike, mix and match to explore a trailblazing new look with the ***TVS RONIN gear and accessories range.***

JOIN THE TVS RONIN CuLT

The TVS RONIN owners community is about so much more than just riding. CuLT, the TVS RONIN riders club, is about ***culture, lifestyle and travel.***
The weekend, monthly and annual rides help you connect to not just other riders, but also to your passions, hobbies and interests. So every time you ride your TVS RONIN with the CuLT community, you discover a new chapter to yourself.

THE NEW TVS RONIN. *IT'S UNIQUE. IT'S VERSATILE. AND IT'S WAITING.*
WAITING FOR YOU TO WRITE YOUR OWN RULES. WAITING FOR YOU TO RIDE YOUR OWN STORY.
